## Overview

### Description

The Elementary and Secondary Education Act (ESEA) as amended by Every Student Succeeds Act (ESSA) emphasizes the educational stability for children in foster care. Children in foster care face many educational barriers, including traumatization, high mobility, and undiagnosed behavioral and health conditions. ESEA section 1111(g) (1) (E) provides guidelines for ensuring the educational stability including assurances that – “(i) any such child enrolls or remains in the such child’s school of origin, unless a determination is made that it is not in such child’s best interest to attend the school of origin, which decision shall be based on all factors relating to the child’s best interest, including consideration of the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of the placement; “(ii) when a determination is made that it is not in such child’s best interest to remain in the school of origin, the child is immediately enrolled in and new school, even if the child is unable to produce records normally required for enrollment; “(iii) the enrolling school shall immediately contact the school last attended by any such child to obtain relevant academic and other records; and “(iv) the local school district will designate a point of contact for the district for foster care. Title I Part A of ESEA also requires Local Educations Agencies (LEA) receiving Title I funds to collaborate with state or local child welfare agencies on local procedures for transportation for students in foster care [ESSA section 1112(c)(5)].

### Regulation citation(s)

[House Bill 312](#) - Promote more expeditious enrollment of students in foster care transferring to a new school or district and the sharing of information among schools, districts, child’s case worker and the Cabinet for Health and Family Services (CHFS).

[KRS 620.146](#) - Notice to be given to school personnel of persons authorized to contact or remove a child of whom the cabinet has custody from school grounds.

### Data use

Foster Care data will be used for public reporting via the [School Report Card](#) as an accountability sub-group and for federal reporting purposes.

- *Student Records Transfer Report*

PATH: KY State Reporting | KDE Reports | Student Records Transfer

The purpose of this report is to assist district personnel in monitoring records transfer requests for students enrolling from or withdrawing to other Kentucky school districts. A foster indicator assists districts in tracking compliance with [HB 312 \(2020\)](#) which creates specific time requirements for the enrollment, records request, and release of records for students in foster care.

- *Student Performance Monitoring Report*

Path: KY State Reporting | KDE Reports | Student Performance Monitoring Report

The detail report will generate a list of students enrolled in the school or district selected with demographics, behavior, attendance, grades, response to intervention, on track to graduate indicators and early warning scores. This report can be filtered to identify foster student group.

## Section A – Foster Care

**Campus Path:** Student Information | Program Participation | Foster Care

The screenshot displays a web form titled "Foster Care Detail". It is divided into two main sections. The top section, "Foster Care Detail", contains fields for "Start Date" (marked with a red asterisk), "End Date", "School of Origin", and "Comments (up to 255 characters)". The bottom section, "KY Foster Care Detail", contains fields for "Agency", "DCBS Case Worker First Name", "DCBS Case Worker Last Name", "DCBS Case Worker Phone", and "FosterID".

KDE creates and publishes foster care records based on data received from the Cabinet for Health and Family Services (CHFS) on a weekly basis. Any district with an enrollment for a foster care student in the scope year will receive the foster care record regardless of start date or end date. The state created records will be *read only* in the district. CHFS does not contain student's school of origin so state records will leave this field blank. The state records will not affect Foster Care records created by the district. Only state created records will be used for state or federal reporting purposes.

**Start Date:** Enter the date when the student entered foster care. A new record should be created if a student exits foster care and returns later.

**End Date:** Enter the date when the student exited foster care.

The following fields are optional; enter data if desired for a district created record.

**School of Origin:** Enter the school/district in which student attended prior to placement in Foster Care.

**Comments:** Enter any additional comments relevant to placement.

**Agency:** Enter the foster care agency responsible for placement of child

**DCBS Case Worker First Name:** Enter the first name of the Department of Community Based Services case worker assigned to the student.

**DCBS Case Worker Last Name:** Enter the last name of the Department of Community Based Services case worker assigned to the student.

**Foster ID:** The foster identification number assigned to the child by the Department of Community Based Services when the child is placed in state agency care.

**DCBS Case Worker Phone:** Enter the phone number of the Department of Community Based Services case worker assigned to the student.
