Subject: KSIS Notification: Release of Campus.2211 Scheduled for April 13

KSIS Contact,

Please be advised that KDE has confirmed the release of **Campus.2211** to start **Wednesday, April 13, at 7:00 p.m., (Central)/ 8:00 p.m. (Eastern)**. Infinite Campus will be temporarily unavailable during the update process. Please contact DeDe Conner if you have any questions or concerns about the update schedule.

The Kentucky release notes are attached. For the full manifest of changes in the Campus.2211 release, click [here](#) (Campus ID required). A recorded training session for the general updates in the Campus.2211 release is available [here](#).

Please share this information with individuals in your district or office as appropriate.

Thank you!

**Infinite Campus Release Highlights – Campus.2211
Kentucky Specific**

Item	Description
Program Exit State Field Added to English Learners Federal Program	A new “Program Exit State” field has been added to the English Learners (EL) Federal Program tab. This field allows users to track which state the student was residing in when they exited the EL program. This field was also added to the English Learners (EL) Import in the Student Records Transfer tool.
Safe Schools State Resolution Logic Correction	Logic for the Safe Schools Report was incorrectly preventing other state resolutions from reporting when a resolution of Restraint (SSP7) or Seclusion (SSP8) exists for an event. This logic was corrected and now, if a student has multiple state resolution codes for a single event, a row for each state resolution is reported. Also, Error 6 in the Validation Report has been updated to flag any events where there is a Behavior Response of Restraint or Seclusion without a corresponding SSP7 or SSP8 State Resolution.

Core Product

Items	Description
Reset Portal Password Option Added to Demographics	For users with Calendar Rights to a selected person and are assigned the new ‘Reset Portal Password’ sub-right, they can now click a Password Reset button next to a parent or student’s Portal Username to force the user to reset their password the next time they log into Infinite Campus.
Related Tools Menu Added to Tools in the	A new Related Tools menu has been added to the right-hand side of many tools throughout the New Look of Infinite Campus. This new

Items	Description
New Look of Infinite Campus	menu allows you to quickly and easily move between tools related to the tool you are working with while maintaining the student or context you have selected. Many users may notice a similarity between this menu and how tools appear as tabs within Classic Campus. This new menu provides much of the same functionality but with the added benefit of keeping the selected student or context present when navigating back and forth between tools.
Report Cards - Legal Name Option	<p>An option to print student Legal Names on Report Cards has been added to the Report Card Display Options.</p> <p>When marked, the student's legal first name, legal middle name, legal last name and legal suffix prints if entered in the Protected Identity information and if the user has tool rights to Protected Identity Information (users need at least Read rights to Protected Identity Information).</p> <p>When the Portal - Active checkbox is marked on the Report Detail editor AND the Legal Name option is marked, the Report Card prints the student's Legal Name on the report card that is generated from Campus Student or Campus Parent.</p>
Search Prompt in New Look of Infinite Campus Updated to Include Multiple Search Types	The Search prompt provided to a user when they select a tool which requires a person be selected (personID) has been updated to include buttons for performing a person search, student search, household search, staff search, or user search (available options will depend on the tool and the search rights of the user).
Tool Rights Usability Improved in New Look of Infinite Campus	<p>Tool Rights in the New Look of Infinite Campus have been updated to improve usability and ensure all tools and sub-rights existing within the New Look are present and can have rights assigned. A partially checked indicator has been added, appearing in tool rights checkboxes for parent tools where child tools within the parent have assigned rights but the parent itself does not. This visual indicator helps users understand additional tools and sub-rights are assigned, even if you cannot currently see them as the parent has not been expanded.</p> <p>The Select Tag Filters field has been removed from the Tool Rights editor.</p>
User Session Manager Tool Now Available	<p>The User Session Manager tool is now available. This tool allows administrators to view a list of all active user sessions within their instance of Infinite Campus, filter the list by username, person name, or session start timestamp, and see a count of how many active sessions a user has running.</p> <p>This tool also allows administrators to select specific user sessions and instantly log them out of Infinite Campus (End Session) or in the instance of a security issue or other nefarious reasons, instantly log them out of Infinite Campus and disable their account (End and Disable).</p>
