Infinite Campus Release Highlights – Campus.2503

Kentucky Specific

| Item | Description |
|---|---|
| State Reporting | All Kentucky reports were updated to accommodate cross-site enrolled students and enrollment records. Several updates were made to the Kentucky Preschool Enrollment Count report, including: <ul style="list-style-type: none"> Only one preschool service record reports per primary enrollment. When multiple records exist, the record with the most recent start date reports. When start dates are the same, the record most recently added reports. Any duplicates on the Validation Report are now reported in Warning 2. Records on the Validation report do not display on the Detail report. |
| Campus Parent and Student Attendance Fix | An issue was fixed where the Attendance screen was not loading for Kentucky Campus Parent and Student tools. |
| Section Student Detail Fix | An issue was fixed when attempting to delete a Kentucky Section Student Detail record with an associated custom attribute. |

Core Product

| Item | Description |
|------------------------------|--|
| Assessment | An error message was generated when users tried to copy a test that had data previously saved in Step 3-Map Data . This issue has been corrected. |
| Behavior | An issue with attendance not being overwritten due to a behavior entry has been resolved. |
| Campus Learning | Updates have been made to Quizzes to improve accessibility for screen reader users and keyboard navigation. In addition to general improvements, the following updates have been made: <ul style="list-style-type: none"> Accessibility has been improved for drag and drop-style Fill in the Blank questions: users can either click and drag answers to place them or click the response option and then click the response blank to place the response. Where helpful, screen reader-only text has been added to explain accessibility features to screen reader users. |
| Cross-Site Enrollment | The State Code and Name on mapped Cross-Site Enrollment courses were not populating at the Home School or on Transcript records. This has been corrected. A script has been created that will populate any missing State Course Number and Name for any transcript record that has been posted. |

| Item | Description |
|--------------------------------|---|
| Food Service | <p>If a POS terminal app has not communicated with the server for three weeks, it will be inactivated (under Food Service > Administration > Terminals) and all pending messages from Infinite Campus will be deleted to improve server performance.</p> <p>Users can reactivate the terminal and update POS data by performing a Data Reload on the POS Terminal Admin screen. The app can still be used before the reload, but data will not message from Infinite Campus to the app until the terminal is reactivated.</p> |
| Forms | <p><u>Forms eSignature Fields Added to Ad hoc</u> A new Form Status folder was added to the Ad hoc Filter Designer. The fields added to this folder allow users to query Custom Form eSignature information. See the Forms article for additional information.</p> <p><u>Forms Review Participants Update</u> When users click the Review Participants button on the Forms tool, a side panel displays. Previously, parents/guardians with the correct relationship status to the student but no Campus Parent account did not display in the side panel. Staff members seeking to send a Custom Form for eSignature may not know a parent/guardian exists.</p> <p>With this update, all parents/guardians display in the Review Participants side panel, indicating if the parent/guardian does not have an account. This also informs users when students don't have a Campus Student account when sending a Custom Form to a student. This update only applies to the Forms tool. Updates to the Activity Registration Review Participants side panel are forthcoming. See the Forms article for additional information.</p> <p><u>Custom Forms Parents/Guardians Fillable Field Update</u> When a student has multiple parents/guardians, users can now select which person displays in which field on fillable Custom Forms. See the Student Forms article for additional information.</p> |
| Grading & Standards | <p>The Grades Report did not display correctly for the 'Missing Grades/Scores' option when anything other than 'All Teachers' was selected. This issue has been corrected.</p> |
| Health | <p>The Health Condition List tool now has a new read-only field, Origin. This field identifies the list from which this condition was created: ICD-9, ICD-10, or district-defined. A System Preference, Default Health Conditions, determines which list of conditions displays</p> |
| Notifications | <p>The text displayed for notifications in the Bell icon has been updated to appear the same as condensed text used in other product areas (such as Discussion flags).</p> |
