**Cc:** All State CIOs  
**Subject:** KSIS Notification: Reminder Last Opportunity for Campus Learning Training for Teachers and Staff today (Friday, 8/14)

Reminder – that the last two Campus Learning (CL) sessions are scheduled for today at [9:00](#) and [2:00](#) (ET). In addition to a Q&A opportunity, trainers will go over helpful tips and tricks. Please encourage anyone working with CL this year to attend. The sessions will be recorded and posted to the [Campus Learning Implementation Material](#) along with the previous trainings.

Training participants that want to request EILA credit for participation, must (1) provide contact information [here](#). *This only needs to be done one time.* (2) complete participation survey that will be sent to participants that provided contact information.

### **Today's topic: Open House Q&A**

Join to ask your specific questions related to any of the Campus Learning tools.

Audience: *Any Campus user with questions is encouraged to attend.*

### **Open House Q&A: Friday, August 14<sup>th</sup> (9:00 – 11:00AM EDT)**

#### [Zoom Meeting](#)

**Subject:** KSIS Notification: Campus Learning Training for Teachers and Staff Aug. 3 -14

KSIS Contacts:

Please help to ensure the appropriate staff in your districts are aware of the upcoming Campus Learning training sessions. This training is targeted to cover specific topics to help Campus Learning users fully take advantage of system functionality.

Many Kentucky districts have already activated Campus Learning, but it's not too late if your district is interested. You can still submit a ticket to Campus to activate Campus Learning for your district. Campus Learning can provide your students and parents a single source for assignments and communications with their schools. Campus Learning is available for the next two years to districts for free, paid for by KDE.

Please mark your calendars for these Kentucky-specific Campus Learning training sessions in August.

### **Infinite Campus**

**Please share this information with teachers, teacher coaches and curriculum designers.**

A brief description of each topic and the target audience are provided to help you decide which sessions to attend. Trainings are intended to be specific to a single topic or a few in order to offer more specialized sessions. Each topic will be offered multiple times starting Aug. 3 and ending on Aug. 14.

Sessions are free and open to all districts and are intended for anyone who wants to learn how a specific portion of Campus Learning works. There is no need to register for sessions. Simply use the Zoom meeting invitations on the following pages to join any session you would like on the day and time that it is scheduled.

The sessions will be recorded and posted to the [Campus Learning Implementation Material](#) along with the previous trainings.

### **Discussions**

Learn how teachers can create and use an interactive form-based discussions! The Discussions tool allows teachers to pose a question where students can respond to the teacher and other students. See how easy it is to follow the layers of conversation for both students and teachers making conversations flow smoothly. Plus, learn how to make a Discussion scored or unscored or flag content as questionable.

*Audience: Teachers, Teacher Coaches, and System Administrators*

### **Quick Assessments and Score Analysis**

See how simple it is to check for student understanding quickly and easily. Learn how teachers can create auto-scored quick assessments to be completed in Campus Student. Plus, see how

Score Analysis for Quick Assessments shows the breakdown of how students responded to each individual question. Assessing student outcomes is really simplistic with these tools!

Audience: *Teachers, Teacher Coaches, and System Administrators*

### **Google Drive**

Learn how to integrate Google Drive content with Campus Learning to make it a seamless process for teachers and students (this does not include Google Classroom). Teachers can deliver content from their Google Drive and receive submissions from students through Campus Student. See how the process of reviewing and scoring submissions is streamlined to save teachers time.

Audience: *Teachers, Teacher Coaches, and System Administrators*

### **For Students & Teachers**

Learn about the tools available that promote effective communication between teachers and students online. We'll cover all areas of assignments, including uploading documents, quick assessments, attaching standards and scoring. Plus we'll show how to use Scoring Rubrics to give students detailed feedback with just a few taps.

Audience: *Teachers, Teacher Coaches, and System Administrators*

### **Planner/Library**

Learn how teachers can manage curriculum through the Planner and leverage existing curriculum through the Library. Plot out units and lessons in a calendar view, and easily adjust with drop and drag. Customize the order of your classes or collaborate with other teachers across departments, schools or the district. Organizing your course content has never been easier!

Audience: *Teachers, Teacher Coaches, Curriculum Designers and System Administrators*

### **3<sup>rd</sup> Party Connection Pass back**

The Infinite Campus Digital Learning Partner Program connects districts to leading learning applications. Securely launch, share class rosters and receive scores from third parties participating in our program, or connect your LMS to Campus Grade Book to receive assignment scores. We'll share the process teachers will experience when importing grades from an approved vendor into the Campus Grade Book.

Note: Google Classroom connection is in a closed Beta status. Timing of general availability is controlled by Google.

Link to View Digital learning Partners: KDE OFO

Audience: *Teachers, Teacher Coaches, and System Administrators*

### **Progress Monitor**

Perfect for standards-based classrooms! The Progress Monitor allows the teachers to enter scores and view student proficiency at a glance across all standards in a section. No more clicking through multiple pages in the Grade Book! Learn how this tool can be used to benefit your students in the classroom. If some students have met proficiency but others need more practice, we'll show you how to create individualized assignments and assign them only to the students who need them.

Audience: *Teachers, Teacher Coaches, and System Administrators*

### **Open House Q&A**

Join to ask your specific questions related to any of the Campus Learning tools.

Audience: *Any Campus user with questions is encouraged to attend.*

**On the next pages you will find the dates, times, and Zoom invitations for each session.**
