KY - Student Participation Report - Calculation Updates Needed

1. The Aggregate Participation report is tallying the sum of aggregate data from each school in the district instead of unique SSIDs for each data element for columns F-X (Total Students - Military Connected)
2. Students are flagged for EL when their status is Exited EL and they do not have an EL Exit Date within the reporting range.

SIS-141862

KY - Virtual Attendance Post - Virtual Attendance Posting tool is not inserting records for previously ended enrollments

Item	Description
	<ul style="list-style-type: none"> ○ When Creating New Blended Learning Groups or Adjusting Blended Learning Groups, the validation messages that display are now consistent between the two processes. ○ The Adjust Blended Learning Groups interface has been updated slightly. Fields have been relocated for ease of use. ○ Editing a group (modifying the group color and name) can no longer be done when using the Adjust Learning Groups tool. This option can only be done when using the New Blended Learning Groups tool. ○ Performance for creating Blended Learning tools has been optimized. ● Campus Instruction updates: <ul style="list-style-type: none"> ○ The Roster, Student Groups, and the Message Center have been updated to display a student's blended learning group that is active during the term selected in the Campus toolbar. ○ Seating Charts has been updated to display the blended learning groups that are active for the section. ○ Printed Planner and Roster reports have been updated to show blended learning groups. ● Campus Student and Campus Parent updates: <ul style="list-style-type: none"> ○ A new preference has been added to the Display Options to display the student's Blended Learning Group on the Today screen. ○ A log of student responses to check-ins now displays ○ Check-in data for all states now displays in a side panel, instead of mixing the data in with attendance. ● Scheduling: Entering any part of a calendar name now returns matching options for all of the calendar selection fields. ● Student Attendance: <ul style="list-style-type: none"> ○ The total number of students currently assigned to a group is now listed in parentheses when updating a group assignment. ○ An End Group Assignment option has been added. Enter an Effective Date to indicate the LAST DAY the student is assigned to the current group. Future dates and the current date can be entered, but past dates cannot be entered. ○ When a student is not currently assigned to a learning group, but is assigned to a group in the future, the start date of that group displays. ● Student Profile: A virtual indicator now displays on the Attendance Card when viewing the details of an attendance record when the student is attending school virtually on any given day. ● Virtual Attendance Preferences: <ul style="list-style-type: none"> ○ A new preference has been added called 'Indicate that attendance was taken when a teachers saves participation for a previous day.' If this preference is marked, when a teacher saves participation for a section for a previous day, the Classroom Monitor and Attendance screens will indicate that attendance has been taken for that day.

Item	Description
	<ul style="list-style-type: none"> ○ A warning has been added when the Virtual Attendance Posting Preference is enabled and students may not have Student Participation records for dates after the Attendance Posting Start Date because Participation-based Entry was not enabled. <ul style="list-style-type: none"> ▪ When Virtual Attendance Posting is enabled and saved in a calendar where Participation-based entry of Virtual Attendance was not enabled in the range between the Attendance Posting Start date and the Posting Job Start date, a warning displays that indicates the following: <ul style="list-style-type: none"> ● The Attendance Posting Code will be applied to EVERY period from the Attendance Posting Start Date forward for virtual students.
Custom Tool Placement	<ul style="list-style-type: none"> ● The Custom Tool Placement Editor is now available. This tool allows users to customize where in the new Campus navigation UI their custom tools will live. Users can either place their custom tools within existing menu items and categories or customize and create their own menu items and categories.
Grading and Standards	<ul style="list-style-type: none"> ● A Grading Window Notifications Warning can now be sent to alert teachers and/or supervisors that the Grading Window is closing soon and they have not yet posted grades for their course sections. ● The Notifications feature released in Campus.2036 allows notices to be sent AFTER a Grading Window has closed. This Warning feature can be used to send notices BEFORE a Grading Windows closes.
Surveys	<ul style="list-style-type: none"> ● The Survey Designer tool has been completely redesigned to enhance usability and functionality throughout. Users are now walked through the process using an intuitive wizard with the ability to customize logic for each question and create questions using a powerful toolset.
Transcripts	<ul style="list-style-type: none"> ● In a future release, the classic Transcript tool, available in Student Information > General > Transcripts, will be removed from the product. A banner has been added to this tool in both the classic navigation and in the new navigation to inform users of this change. ● The enhanced Transcript, available in Student Information > Counseling > General > Transcript, was released in the Campus.1745 Release Pack (November 2017). This Transcript tool will be modified to include new features in future releases
