School Report Card (SRC) Data Available

Schools and districts should complete their review, and approve data available in the [School Report Card (SRC) Suite Collection and Approval Portal](#), for Overview, Career and Technical Education (CTE), Educational Opportunity, School Safety and Transition to Adult Life domains. The Kentucky Department of Education (KDE) monitors district "all school" approvals and not school-level approvals to gauge readiness for public release. The collection period has closed; however, the Collection tool remains open to allow schools and districts to update, if needed, prior to public release.

The KDE review of Academic Performance, Accountability and the prior two years (2021-2022 and 2022-2023) of data continues, and we are trying to get these areas open the week of Dec. 2. This data is final and there is no need to flag or approve this data within the School Report Card data portal. Prior year data should be consistent with previous School Report Card reporting; however, there will be some variances due to the way small cell counts are suppressed. KDE points of contact have tested prior year data to the extent possible; however, if you find concerns, please contact the applicable program area. Contacts are included in the [Quality Assurance Worksheet](#).

The [current School Report Card Suite dashboard tool](#) will sunset Dec. 15 so there is limited time available to compare data previously reported in the dashboard view to the new School Report Card dashboard. Unfortunately, the vendor is not able to extend the availability of the old SRC beyond Dec.15.

Recorded training and other resources are available on the [SRC Resource webpage](#).

CONTACTS

- For questions related to AnLar's access and functionality, contact the [AnLar Helpdesk email](#) or call (502) 509-0041 between 8 a.m. and 6 p.m. ET.
- Email [KDE Data Services](#) for general questions.
- Contact [applicable KDE data point of contact](#) for questions on data in Preview tool
- Email [KDE CTE Contacts](#) for questions regarding CTE data
- Collection contacts include:
  - [Windy Spalding](#) for precautionary measures and parental involvement.
  - [Caryn Davidson](#) for School Profile Report and Advanced Coursework.
  - [Ben Maynard](#) for access to technology.
  - [Tessa Harris](#) for ineffective teacher.
- Email [KDE DAC Information](#) for assessment and accountability questions.
