

School Report Card (SRC) Soft Launch

The School Report Card Dashboard is now open publicly at <https://reportcard.kyschools.us>. This is a soft launch to ensure Kentucky is meeting the state and federal requirements for School Report Card reporting.

There are performance, accessibility and mobile-ready issues that are some of the reasons we will not be announcing the release beyond notifying districts. Datasets for the 2023-2024 school year will not be available with the initial soft launch, but all assessment and accountability data sets remain available in the [Open House School Report Card Suite](#) site with the [historical datasets](#). The old School Report Card Dashboard site has sunset and is no longer available; there is a message on the site which references the transition.

The new School Report Card Dashboard site, created by AnLar, is <https://reportcard.kyschools.us>. Each district and school will have a unique URL. SRC links on local websites will need to be updated. The official release is expected to be in January after the holidays.

Please direct questions about functionality of the SRC Dashboard to the [AnLar Helpdesk email](#). Contact the [applicable Kentucky Department of Education \(KDE\) data point of contact](#) if you have questions about data included in the SRC dashboard.

There are still known issues with Overview/Faculty, Staff and Community/Equity:

1. Data is not populated correctly at the school-level;
2. Ineffective data is impacted by the number of schools within the district that did not complete the ineffective collector entries; and
3. Historical data is not displaying correctly.

The SRC Collection Tool will open back up after public release for a short period of time to allow districts to make corrections to previously reported data or complete data entry on any items missed.

The [SRC Resource webpage](#) includes prior communications, resources and training tools.

CONTACTS

- For questions related to AnLar's access and functionality, contact the AnLar Helpdesk by email or call (502) 509-0041 between 8 a.m. and 6 p.m. ET.
- Email KDE DAC Information for assessment and accountability questions
- Email KDE Data Services for general questions.
- Contact applicable KDE data point of contact for questions on data in Preview tool
- Email KDE CTE Contacts for questions regarding CTE data
- Collection contacts include:
 - [Windy Spalding](#) for precautionary measures and parental involvement.
 - [Caryn Davidson](#) for School Profile Report and Advanced Coursework.
 - [Ben Maynard](#) for access to technology.
 - [Tessa Harris](#) for ineffective teacher.
