Data Standard KY Evaluation/Eligibility Determination
Rev. 5/17/2018

Description
The purpose of the Special Education Data Standards document is to give Kentucky schools and districts a set of guidelines for entering data into the student information system. This document provides a series of screen shots and an explanation of the data elements required for state and federal reporting needs. Data standardization is important to ensure consistency in the data across schools in districts and across districts throughout the state.

Section A – KY Evaluation/Eligibility Determination

The new KY Evaluation/Eligibility Determination document is one of the lockable editor-based documents. Only the most recently locked KY Evaluation/Eligibility Determination and the most
recently locked IEP will transfer as locked, **editor-based** documents. All other locked documents will transfer as PDF documents.

To create a KY Evaluation/Eligibility Determination:
1. Navigate to Student Information > Special Ed > General > Documents
2. Click the New Document Button
3. Select Create New Conference Summary/Evaluation
4. Select KY Evaluation/Eligibility Determination
5. Click the Create Document button
ARC Eval Date: This is the date the ARC met to discuss the evaluation or reevaluation. This field is required.

Select Evaluation Type: “Initial Evaluation” or “Reevaluation”. If the student is not currently receiving special education in Kentucky, choose “Initial Evaluation”. If the student is receiving special education services, choose “Reevaluation”, even if the student is being evaluated for a separate or different disability. This field is required.

*NOTE: When an additional disability category is being considered for students receiving services for Speech/Language Impairment (SLI), a reevaluation must be conducted. If the student is determined eligible in the new category, speech/language will become a related service.

*NOTE: If a student transfers from out of state, the evaluation type must be “Initial Evaluation”. The only exception to this is if the student was previously evaluated in the same district within the same school year and no changes were made to the student’s determination in the previous state.

Date of Consent/Denial for Services:
- Date the parent signs the Consent for Special Education and Related Services Form, OR
- Date the student was found eligible but parent refused services, OR
- Date the ARC met to determine the student was not eligible.

*NOTE: If a student is determined not eligible for special education services, put the date the ARC met to determine the student is not eligible. This will pull to the SpEd_Evaluation_Detail report for Indicator 11.
Reason for missing 60 day timeline: If the Date of Consent for Initial Evaluation is greater than 60 school days from the date of the Consent for Services then a reason for missing the 60 day timeline must be selected.

Note: The Save button MUST be clicked before proceeding.

Editor: Student Demographics

Refresh Student Information: Click Refresh Student Information to populate the fields with current information. This is required.

Primary Mode of Communication of the Student: This is the only editable field in this editor. Select the student’s preferred language.

Note: The Save button MUST be clicked before proceeding.
Editor: Multi-Disciplinary Report

Click on New Multi-disciplinary Report

A Note field will appear with a Report Discipline drop box. Choose the appropriate multi-disciplinary report.

*NOTE:* After selecting the Report Discipline, type or copy and paste the report into the field, or type “See Uploaded Report titled ‘reportName’” where ‘reportName’ is the name of the report. Then upload and “Associate” the report.
As each section of the report is saved, it will move to the top and no longer appear in the drop-down list.

**Note:** The Save button MUST be clicked before proceeding.

**Editor: RR-Review of Existing Data**

*RR refers to Record Review*

This is required only if this is a reevaluation, not an initial evaluation.

If the ARC determines additional data is not needed for a reevaluation, the ARC must document the review of existing data (include all 4):

1. Evaluations and information provided by the parents (if available)
2. Minimum of two classroom-based observations (or minimum of one for SLD only) by teachers and related services providers
3. One or more of the following:
   - Current classroom-based assessment data
   - Local assessment data
   - State assessment data
4. Current progress monitoring of IEP goals to determine whether the child’s educational performance continues to be significantly and consistently below the level of similar age peers. ([707 KAR 1:300, Section 4](#))
Current Disability:
Select the student’s current disability.

If “Multiple Disabilities” is selected, also select all underlying disabilities.
If “Developmental Delay” is selected, choose the areas of current disability.

If “Speech or Language Impairment” is selected, choose the areas of current disability.

**Current Related Services:** Select all that apply.

**Previous Eligibility Determinations:** List any previous eligibility information, along with the ARC dates for eligibility determination, and whether the evaluation/reevaluation report is in the file.

*NOTE:* Be specific about which existing records were reviewed.

**Note:** The Save button MUST be clicked before proceeding.
**Editor: Multi-Disciplinary Report**

*RR refers to Record Review*

This is required only if this is a reevaluation, not an initial evaluation.

If doing a reevaluation, click the **New Reevaluation Summary**.

Select an **Assessment Area** and complete the information.
Once an Assessment Area is chosen, it will populate in the box at the top and be removed from the drop list. Then another Assessment Area may be chosen.

Note: The Save button MUST be clicked before proceeding.

Editor: Eligibility Form

Click the New Eligibility Form button.

Eligible Disability: Select the appropriate disability.

Determination: Determine whether this is an initial determination or a re-determination. When a disability is selected, the corresponding eligibility form will appear for data entry. Each disability form is shown on the following pages.

*NOTE: If the student is being evaluated for a new or different category, this will be an initial determination, even if it was a re-evaluation for special education in general.
*NOTE:* For Multiple Disabilities, complete a form for Multiple Disabilities as well as a form for each of the underlying disabilities.

In addition to the information for the specific disability, be sure to include the following information at the bottom of each form:

- **Supporting Documentation:** Enter all supporting documentation. Use multiple data sources.
- **The ARC used the interpretation of the evaluation data documented above to determine the eligibility criteria:** Select the appropriate checkbox. If any previous items were determined Insufficient, select “Evaluation Data was insufficient to determine eligibility…” and list remaining data to be collected.
- **The ARC will reconvene by:** Enter the date the ARC will reconvene, if applicable.
Provide supporting documentation that demonstrates the ARC:

- Used multiple sources to triangulate the data and substantiate the existence of the disability; and

- Confirmed the progress of the student is impeded by the disability to the extent the student's educational performance is significantly and consistently below the level of similar age peers.

Supporting Documentation:

The ARC used the interpretation of the evaluation data documented above to determine:

- [ ] The student meets the eligibility criteria for autism, which adversely impacts his/her education, and is eligible for specially designed instruction and related services.

- [ ] The student does not meet the eligibility criteria for autism and is not eligible for specially designed instruction and related services.

- [ ] The student has autism, but it does not adversely impact his/her education; therefore, the student is not eligible for specially designed instruction and related services.

- [ ] Evaluation data are insufficient to determine eligibility. Additional assessments and data will be obtained in the area(s) of:

Supporting Documentation:

The ARC will reconvene by [ ] to review and determine eligibility.
