The following checklist is used in the evaluation of a district's Title V, Part B, Subpart 2 activities and procedures. Program compliance and/or effectiveness is determined based on responses and supporting evidence for each of the monitoring questions.

The checklist contains several monitoring questions that will be evaluated individually. The list found beside *Suggested Documentation* (within each monitoring question) contains examples of documentation that may be submitted for review. Please note that in some cases, all items may not be required. Additionally, only documentation for the current school year must be submitted unless the program monitor(s) request(s) prior year information or it is applicable to the question.

During monitoring, the program monitor(s) will select *yes* on the checklist when the district is in compliance with that question or when the district is effectively implementing that indicator. A selection of *no* on the checklist indicates that the district needs technical assistance to be in compliance with that question or more intentional work/planning must occur to effectively implement that indicator. Findings and/or recommendations will be stated on the final monitoring report submitted to the district. *Best Practices* (found at the end of the checklist) are examples of practices or procedures that the Kentucky Department of Education (KDE) staff have observed in other districts that may enhance program effectiveness.

Should you need clarification on a question or in understanding more about the monitoring tool, feel free to contact a program consultant at (502) 564-3791.

#### Best Practices

- District staff can articulate the process for allocating funds. Funds are allocated based on needs.
- School improvement plans are reviewed throughout the year and new needs are identified.
- State test scores show growth in achievement. The scores are not stagnant.
- The district coordinates RLIS funds with other funding sources.
- Funds are used to support programs and initiatives at non-Title I, Part A funded schools.
