7A: Positive social-emotional skills (including social relationships)

Target 1: Of those preschool children who entered or exited the preschool program below age expectations, the percent who substantially increased their rate of growth by the time they exited the program.

Target 2: The percent of children who were functioning within age expectations by the time they exited the program.

*Data received, but no students eligible for inclusion in analysis
(No exiting students with valid matching SSIDs, >=75% complete data, 6 months apart, with IEPS)

***No data received.

7C: Use of appropriate behaviors to meet their needs

Target 1: Of those preschool children who entered or exited the preschool program below age expectations, the percent who substantially increased their rate of growth by the time they exited the program.

Target 2: The percent of children who were functioning within age expectations by the time they exited the program.

*Data received, but no students eligible for inclusion in analysis
(No exiting students with valid matching SSIDs, >=75% complete data, 6 months apart, with IEPS)

***No data received.
