

ISLLC, PSEL, and Kentucky Principal Standards Crosswalk

The Kentucky Framework for Personnel Evaluation (proposed 704 KAR 3:370) mandates performance criteria for:

- Teachers – Kentucky Framework for Teaching
- Other professionals – Specialist Frameworks
- Principals/assistant principals – Kentucky Principal Standards

Other district certified personnel, below the level of superintendent, are determined by the district evaluation (50/50) committee and outlined in the Certified Evaluation Plan.

This crosswalk provides correlations between sets of educational leadership standards (ISLLC, PSEL, and the Kentucky Principal Standards) to provide guidance to district evaluation (50/50) committees as they determine performance criteria for district-level, certified job roles.
