CONSENSOGRAM

This is a survey tool that visually depicts the perceptions of the group. This quality tool can be used as a pre-post-assessment to capture participants' level of understanding of a concept or opinions about an issue.

Question: How much do you know about school-based decision making councils?

what they do.

was doing what I was supposed to be doing.

understand that policies and decisions rest on the council, and I know where to seek advice/information when I am uncertain.
