School Report Card – Additional Data Ready for Review

Additional data are now available for school and district review in the secure Kentucky School Report Card (SRC). The items below represent the additional items for review by Oct. 6 in these domains.

- Overview/Faculty Staff and Community/ Faculty Profile/ National Board-Certified Teachers
- Overview/Faculty Staff and Community/ Equity (with two exceptions):
 - *Ineffective is not yet available, schools must complete [the Kentucky Equitable Access to Effective Teachers \(Ineffective Teacher\) survey](#). Data is expected Sept. 25.*
 - *District-level disproportionality of inexperienced data is also expected Sept. 25.*
- Education Opportunity/Career and Technical Education (CTE)
- Transition to Adult Life domain is now open for high schools and districts to review.

Districts should approve the Overview and Education Opportunity domains after school and district data has been reviewed. The Kentucky Department of Education monitors only district-level approvals.

Schools and districts should navigate to the [Kentucky School Report Card \(SRC\) Data Approval Tool](#) to complete SRC tasks. The SRC Data Approval Tool remains open for:

1. District and school review of Overview, Education Opportunity, and Transition to Adult Life data. This includes flagging issues and approving domains as complete;
2. Data entry of SRC and School Profile Report collection detail, including superintendent message, by Sept. 29; and
3. Printing School Profile Reports for signatures before the Oct. 1 due date.

Refer to the [SRC Reminder Communication](#) from Sept. 5 for more detail on outstanding tasks that must be completed.

The [School Report Card Resources webpage](#) includes prior communications and other resources that can help with the review process.
