The ARC determines a student to have a *visual impairment* and is eligible for specially designed instruction and related services when:

Complete During ARC	The A	ARC compared and analyzed evaluation data and documents the following interpretation:
	1.	There is documentation of a visual impairment/loss and the child demonstrates the characteristics of blindness or visual impairment/loss (which includes both partial sight and blindness)
□ Y □ N □ Insufficient		Evaluation information confirms, even with correction, there is an adverse effect on educational performance.
		Evaluation information confirms lack of instruction in reading and math is not a determinant factor in the eligibility decision.
		Evaluation information confirms limited English proficiency is not a determinant factor in the eligibility decision.

On the following page provide supporting documentation that demonstrates the ARC:

- Used multiple sources to triangulate the data and substantiate the existence of the disability; and
- Confirmed the progress of the student is impeded by the disability to the extent the student's educational performance is significantly and consistently below the level of similar age peers.
